Hope you all had a nice holiday and have a Happy New Year as well.

Could you please provide an update on the IDA and soil gas sampling. Refer to the emails below.

Thanks

Carolyn

Hello. Hope all is well. Was an additional round of IDA sampling conducted this past summer or should I be expecting a work plan? Last correspondence I have is attached below.

Thanks
Carolyn

It has been a great summer, weather wise, but I don't usually take any vacation since it's our busy season with end of fiscal year in Sept., time so not the most enjoyable. But thanks for asking.

Thank you for the submittal. Could you please submit a more detailed work plan for the soil gas and indoor air sampling.

Looking for and some justification for sample locations and number of samples (only 3 with one duplicate), include SOPs for soil gas sampling, reporting limits, etc. Also, some discussion on trying to better achieve all the reporting limits.

Thanks
Carolyn

Hi Carolyn – Hope you are enjoying the summer. Now that my vacation is over, it feels like the season is already drawing to a close.

Further to your inquiries regarding the above referenced site and the ongoing work that is being performed as part of EPA's re-examination and audit of the previous RAO, please find enclosed a copy of the February 2014 indoor air sampling status report.

Please let me know if you have any questions.

Thanks,
Craig
